

myscouts: Register Your Child as an LDS Participant

Who? A parent with a myscouts profile** and a coupon code provided by an LDS Stake/Ward

What? Register own child as a participant in an LDS Group with payment by the Stake

Why? Youth require parental consent and fee payment to participate; annual registration is needed. The coupon code allows Church-subsidized payments.

**You may have a myscouts profile if within the past five years you:

- Created one yourself
- Are/have been a Scouts Canada volunteer
- Have a child who is/has been registered as a participant and your personal information was included with the registration.

To confirm or if you have other issues, please contact pat.papineau@scouts.ca

Before you begin, please note:

To complete this registration with payment through the Church, you must enter coupon code:

Use of the code is limited to families approved by the Ward/Stake. Registration invoices will be reviewed prior to payment.

Method One: Renew – May to Early Fall only for continuing members

The Renew icon is available beginning with Spring registration (for the next Scouting year) until mid-fall to begin a registration to the same Scout Group (even if changing age-range “Sections”).

- If you are trying to renew within this time-period and the icon does not appear, please use the “Support” feature outlined above for help.
- If registering outside this period, please use the “Register Member” method later in these instructions.

If the Renew icon appears beside your child’s name and your child will continue with the same Scout Group (even if changing age-groupings), click the icon to begin registration for the next Scouting year.

After clicking to “Renew”, you’ll be shown all Sections in your child’s current Group – including hints as to:

- the Section with which your child is currently registered and
- which would be age-appropriate for the new Scouting year.

Click to “Register” in the Section of your choice to begin a new-year registration.

Registration Year: September 1st, 2018 to August 31st, 2019

Email Address

Unless your youth is 14 years of age or older, this email address should be that of a parent/guardian and will be used for contact information only – in which case...

Do not click to “Check”.

EMAIL *

Enter an email address for the person you are registering. MyScouts.ca will automatically create a user account for registrants 14 years of age and over and use this email as their username if it has not yet been used by another user.

To check if the email is being used by another user click the “CHECK” button. Note a MyScouts.ca account is needed for this registrant to take e-learning training.

It is only necessary to “Check” for adult profiles and those of youth who are at least 14 years old and may be interested in volunteering (so need to be able to log into their own profiles to complete training and accept the Code of Conduct).

Add Parent

The parent registering the child will already be connected to the child’s profile, but if applicable, another parent should be added here.

A parent who already has a profile (either because he/she is volunteering or has another child already in the program) may be searched and selected.

(Once done, click Continue to move forward.)

Emergency Contact

Provide details for at least one other person who is not one of the linked parents and may be contacted in the event of an emergency and the parent(s) cannot be reached.
