

myscouts: Register Yourself as a Volunteer

Who? An adult who has a myscouts profile * **

What? Apply as a Registered Volunteer

This process is for adult Scouters only.

(Not for youth under 18 who must be registered by a parent, nor for a “Parent Helper”, which is not a registered volunteer role.)

*If you do not already have a profile, please use “myscouts: Create a Profile instructions” before continuing with these.

**You may have a myscouts profile if within the past several years you:

- Created one yourself
- Are/have been a Scouts Canada member
- Have a child who is/has been registered as a participant and your personal information was included with the registration.

To confirm or if you have other issues, please contact “Support” following the instructions below.

Before you begin, please note:

Registered volunteers (Scouters) require screening.

If you have been previously registered as a volunteer or Rover Scout but have been away from Scouting for a time or are changing Groups, you require updated screening.

Have details ready for each of five people prepared and willing to provide you (online, through an email invitation) with a reference:

- first and last name
- email address
- daytime phone number (cell/mobile preferred)
- relationship of the individual to you

Preferred references include an employer, people who know you through volunteer experience/organizations and/or from a youth-service organization with which you’ve previously been involved.

No more than one reference may be a relative; it isn’t necessary that any be related to you.

Please be sure your references know that they will be contacted via email because you’re applying to volunteer with Scouts Canada.

If you require additional help at any time in the process, click:

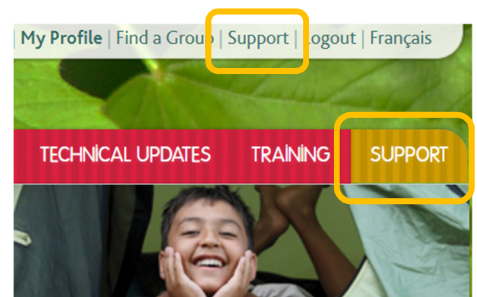

First “Support” in the upper right of your screen

Then under “Can’t find what you’re looking for?”, “Submit Request”.

On the online support form, select...

Add Reference

As indicated at the beginning of these instructions, volunteers require screening including five (5) personal references that can speak to your character – no more than one may be a relative. An employer, someone who knows you in another volunteer role (ideally working with youth) are preferred.

If you've been involved with Scouting before (particularly as a volunteer or Parent Helper), you may use Scouting references.

For each, click "Add Reference" then input the mandatory field information:

- first and last name
- email address
- daytime phone number (cell/mobile preferred)
- relationship of the individual to you

Do not enter false information.

If you've started your registration without having five references with email addresses, the information can be sent later to your Group Commissioner or Registrar to be entered.
